On Wednesday of this week, being St. John's day, services will be held in St. Mark's church. There will be a special Masonic service in the evening, at 8 o'clock, to which the public is invited. The Tonopah Lodge of Masons will attend in a body.

PROMINENT MINE OWNERS IN TOWN

DAVID KEITH, OF SALT LAKE, IS ACCOMPANIED HERE BY MATT CONNELLY.

David Keith, millionaire mine owner, President of the Great Silver King Mine, at Park City, Utah, railway magnate and one of the big men of the West, accompanied by Matt Connelly, a prominent mining man of Utah and Nevada, came in on yesterday's train by way of the Salt Lake route.

Messrs. Keith and Connelly are making a tour of Nevada looking after their holdings in various camps. They have made an inspection of large copper properties at Ely, from whence they proceeded to Pioche and from that place to this city.

"It has been some four years," said Mr. Keith, "since I was in Tonopah last, and the growth of your city is remarkable. The State Bank and Trust Company's building and the Mizpah Hotel are fit structures for cities of any size. I have just landed and have as yet had no opportunity of going through the mines and mills. I shall remain here for several days and make a thorough examination of them. Ex-Senator Kearns and myself have holdings in Tonopah, one of them being the Halifax, which is situated just southeast of the town. We have expended considerable money on the property, and I believe it has the makings of a mine. Water was encountered at the 800-foot level, which was pumped by means of pipes to the Rescue reservoir. There has been considerable drifting done in the mine."

I cannot say just at present what will be done in the matter, but will determine what course will be pursued after I have made an examination of the property."

BIG CROWD TO HEAR THE BAND

STREETS LINED WHILE BRYAN'S BAND DISCOURSES SWEET MUSIC.

Despite the wind and dust, the band concert given by J. N. Bryan's band attracted a large crowd Sunday evening. The large number of people on the street bears evidence that the free concerts will be an attraction to the people of Tonopah. The numbers rendered shows that the musicians are well trained and play in perfect time.

PALACE HOTEL NOW COMPLETED

TWENTY-SIX DAYS TO REBUILD THE MODERN, UP-TO-DATE STRUCTURE.

Within twenty-six days after driving the first nail, the Palace Hotel was completed, and Saturday evening had a grand opening in their new business structure. This speaks volumes for the business integrity of H. Goetz & Son, the proprietors of the hotel, who now have one of the most complete and up-to-date hotels in the southern district. When the former structure was destroyed by fire on the night of May 11, the gentlemen immediately went to work, and on the next afternoon had a tent saloon running on the site of the former structure, and in the next few days had let the contract for the erection of the new building. It can be rest assured that the new hostelry will be as popular in the future as in the past, for the popularity of the proprietors has traveled far and wide and a guest in that establishment will find every comfort that can be asked for.

A magnificent bar is operated in conjunction with the hotel, where the finest wines, liquors and cigars can be had.

The butcher shop owned by the same firm has been removed to the new building, and the service for the public is unexcelled.

We deliver our goods, so send in your orders to H. J. Hall & Co., for wet goods. Phone 812.

DAUGHTER BORN.

A daughter was born yesterday to Mr. and Mrs. James Rowan, the weight of which was twelve pounds. Dr. Cunningham was the attending physician, and reports mother and child as doing well.

THE GAME WAS THE FINEST EVER

FULLY TWO THOUSAND PEOPLE SAW MILLERS TEAM DEFEATED.

Elks-Eagles 4
Millers 1

It was great ball. It was fine ball. It was clean ball.

It was ball such as one sees in the National League, and if anything it was BETTER ball than one sometimes sees in some of the National games.

And the crowds! Fully 2,000 people, running riot with enthusiasm, for there was never a minute but what one's nerves were keyed to the highest pitch. The officers had a hard time keeping the fans back from the side lines. Before next Sunday's game there will be a rope stretched from the grand stand 100 feet long, fastened to stakes to keep the crowd back.

Ball of the character dished up yesterday will certainly attract immense crowds.

A large delegation from Millers came up on Sunday morning's train, and they say that there was barely enough men to operate the plants left in the desert city. While their favorites were not successful, they returned home with the satisfaction that they had given the Tonopah outfit a run for their money. There was never a moment throughout the entire game that either side had a cinched. It was anybody's game.

Superintendent Arthur Parsons, of the Millers plant, was in evidence from the time he left the train until the close of the game. Comptroller Charles and Foreman Julian were other men interested to a great extent. The men from the mill town were there with a large sack of money (before the game), freely offered in every quarter, but there was no lack of takers. A telephone message from Millers yesterday morning at 7 o'clock, when the shift changed, inquiring the whereabouts of certain employees, was responded to with the information that they would probably arrive some time during the day, as they had bet their return trip tickets, together with all their spare change and all they could borrow, and they were forced to hit the pike back to their native heath.

Every man and woman accompanying the contingent from the mill town wore badges with the inscription "150 knockers from Millers." The genius getting up this must have had the idea that every knock was a boost.

Kelly as an umpire gave good satisfaction.

The game was full of magnificent plays. For the Tonopah team the pitching and catching of Hurd and O'Hara was faultless. Malley on first accepted every chance that came his way and played an errorless game. His hitting in the eighth brought in two runs, which was the occasion of a great din and congratulation from the audience. Peck was brought in from right field and placed on second base, when Morris was forced to quit. While second is out of his territory, he covered the bag in fairly good order, making but one error, which was excusable on the condition of the grounds. The work of Rogers with the stick elicited the admiration of all. He succeeded in getting one hit and in making two runs. Agnew played a good game at short. Platt succeeded in getting a hit in the eighth and scored on Malley's drive to right. Beckley, in centerfield, had but one chance and accepted it when he palled Angus's fly in his territory. Morris, in rightfield, made the star catch of the day, chasing a high and difficult fly from Busick and nailing it with his right mitt. The ovation given Bud by both Millers and Tonopah lasted fully five minutes, and he was forced to doff his lid to the vast multitude.

For Millers, Hust behind the bat is exceedingly accurate in his pegging to second. He succeeded in making the only tally for Millers. Barr, while fairly wild at first, gradually settled down and showed complete mastery in the various curves, shoots and drops, coupled with great speed. Angus, at first, covered the initial bag in great style. Greer, on second, covered the sack like a veteran, and was there for all the plays. Potts, on third, was the only one who succeeded in getting a hit off Hurd. Calvert, who played shortstop in four times up, managed to connect with the ball each time, but not hard enough, as he never succeeded in reaching first. Bonney, Phelps and Busick, the fielders, never had a chance to distinguish themselves, and consequently their playing was de-

VAGS WILL SEEK PASTURES NEW

Four "vags" appeared in Judge Brissell's court yesterday morning, having been arrested Sunday night in the lower part of the town. His Honor, after listening to the story of each, decided that Tonopah would be better off without them, and gave them until this morning to seek pastures new.
